EXPERIENCE

NOVEMBER 2024 – SEPTEMBER 2026

STUDENT ASSISTANT – COGNITIVE SYSTEMS LAB,

UNIVERSITÄT BREMEN, BREMEN GERMANY

- Involves redesigning and optimizing websites associated with the Cognitive Systems Lab to enhance functionality and user experience. Responsibilities include collaborating with lab members to align the websites with their research goals and modern web standards.

JANUARY 2024 – MAY 2024

UX / UI ROLE, DRESS FOR SUCCESS PITTSBURGH, PITTSBURGH PA

- Redesigned the Virtual Connections Resource Center website by improving usability, navigation, and user experience through a user-centered design process. Collaborated with stakeholders to develop and implement an intuitive, responsive website that enhanced accessibility and exceeded project goals.

JUNE 2023 – AUGUST 2023

INTERN, AMERICAN TEACHERS ASSOCIATION OF GERMAN

- The project aimed to complete the AATG database with valuable income tax information and enhance the overall user experience by improving accessibility and usefulness of its web interface for the employees of the AATG as well as for online visitors.

FEBRUARY 2022 – NOVEMBER 2022

RESEARCH ASSISTANT, WASHINGTON AND JEFFERSON COLLEGE, WASHINGTON, PA

- Research grant - Change to Change Live STEAM:
This project aims to explore the practicality of integrating a social robot into the academic, social, business, and other environment contexts of a college campus. It includes user research, conducting interviews with students, data analysis, Java Script programming, and cloud-based data administration.
- The robot will be utilizing Alexa Skill and is being created in the Alexa developer console.

SEPTEMBER 2022 – NOVEMBER 2022

INTERN, THE PATH GROUP, BERLIN, GERMANY

- Developed websites and Application interactions
- Researched user interactions

OCTOBER 2021 – APRIL 2022

AFTER SCHOOL INSTRUCTOR, SPARK FOR GERMAN, LeMOYNE COMMUNITY CENTER, WASHINGTON, PA

- Taught German to children ages 6 - 10 in an after school program at a local multicultural community center.
- Participated in planning lessons and online training

EDUCATION

CURRENT STUDENT – EXPECTED GRADUATION SEPTEMBER 2026

MASTERS OF SCIENCE, UNIVERSITAT BREMEN, BREMEN, GERMANY

- Digital media
- 3.7 GPA
- Course work: Interface Design, Fundamentals of Machine Learning, AI in Education, App Development, AI in Arts, Technologies for the elderly

BACHELORS OF ARTS, WASHINGTON AND JEFFERSON COLLEGE, WASHINGTON, PA

- Computing and Information Studies Major
- German Major
- Psychology Minor
- Magna Cum Laude
- 3.7 GPA
- Dean's List Fall 2020, Spring 2021, Fall 2021, Spring 2022, and Spring 2024
- Computing and Information Studies Steinberg Scholarship recipient 2022
- Computing and Information Studies Independent Learner Award 2023
- Beta Scholar 2021 and 2022
- Course work: Elementary Psychology 101 & 102, Advanced German, Human Computer Interaction, Digital Design, Database Concepts.

AUGUST – SEPTEMBER 2023

STUDY ABROAD, CIEE BERLIN, GERMANY

MAY 2020

HIGH SCHOOL, THE ELLIS SCHOOL, PITTSBURGH, PA

- Senior Computer Science Award 2020

AREA OF INTEREST

I am interested in understanding how people interact with functional design, how and why we use different interface elements, and how different design choices influence user behavior. I am particularly passionate about accessibility and assistive technologies, designing digital experiences that are inclusive and usable for everyone.

SKILLS

- Figma
- Wordpress

- Programing
- Alexa Skill Console

- Wix
- Adobe Photoshop
- Design principles
- German heritage speaker

- Java script
- MySQL
- Java
- Html/CSS
